Thanks and no, there is really nothing new in NRC's draft agenda or the Class III permit summary that we haven't talked about.

Thanks Douglas – I made a couple of edits to the briefing paper – I'll admit I didn't review the other attachments again – anything you want me to look at on the NRC doc or the Class III backgrounder?

Thanks!
D

I forwarded these documents to Anita late yesterday as requested by her staff. Bill Bates, who was reviewing it this morning, said they would reply with any comments, etc. this afternoon.

Let me see if Lucita knows if anyone else in OGC has reviewed besides Leslie Darman.

Thanks Douglas! I'll review this now - do you know if Anita or Jennifer have seen this in OW? Any info you have on whether Carrie has seen it in OGC would be good to know too.

Thanks!

Darcy: here is the current version that includes an additional sentence I added under *Current Status* reflecting Lucita's main point below.

Thanks Douglas. Have you sent me the revised briefing paper for tomorrow? If you have, I've misplaced it and would like it resent. I'd like to see it all together to help determine how we can get this message across.

Thanks!

Good morning Darcy: here is a bit more input from Lucita (*italicized below*) on our agenda call with NRC yesterday fyi:

Ex. 5 AC/DP

I would add that in updating the briefing document, we wanted to emphasize that we have made a number of revisions to the Class III permit in response to Powertech's comments, and as a result of what we heard from NRC during our technical discussions in July.

I am double checking with Lucita to see if there is anything more we need to bring into this document.

Darcy,

Here is the latest from Lucita. I believe Douglas is planning to update you as well if he hasn't already. How would you like to get this information to Greg? We can do it but happy to let you take the lead or proceed how you think is best. Let me know.

Just got off a call w/ NRC's staff and attorneys regarding the upcoming meeting. We went through their proposed agenda to see if we could streamline it and talk through some of the issues. I had the opportunity to ask Andrew Pessin

Let me know if you have any questions, but I found the conversation helpful as we brief this up and prepare for the call.
